President's Message

Welcome to India's renowned center for excellence - Jain University!

Every University has an ideology that it adheres to. At Jain University, innovation and entrepreneurship are embedded in everything that we do. Without constant innovation, society will not progress and without persistent entrepreneurship, the economy will come to a grinding halt. I strongly believe, the interpretation of these values by the youth i.e. you, will determine the growth of India as a developing nation. Our centers and programs are designed with the aim of spreading these values of innovation and entrepreneurship. We facilitate a dynamic environment, which motivates you to be on the path of relentless, original, and enterprising innovation.

Being one of India's leading private universities, we have a global reputation for excellence in teaching, learning, research and services. At Jain University, learning takes place both inside and beyond the classroom. From academic discoveries to athletic records, from artistic creations to scientific breakthroughs, our students are defining Jain University success in many different ways. We encourage not only to apply yourself to your studies, but also to expand your horizon through outstanding opportunities available to you.

This student handbook is a handy resource, which will provide you with the required information. Jain University welcomes you to the academic year 2017-2018. We will do everything in our power to ensure that, your experience at Jain University is challenging, rewarding, and gratifying.

Dr. Chenraj Roychand
President, Jain University

Chancellor's Message

Dear Student,

I congratulate you for choosing Jain University. You are in quest of excellence, not just wanting to gain knowledge and skills but wanting to become an achiever. At Jain University, you will be exploring new areas, discovering new passion, learning new skills to view your environment with a new understanding. By end of this journey, we hope you will recognize what really drives and motivates you as a person.

Jain University stands for leadership and excellence in every field it is involved in. It is an oasis of calm with its tranquil surroundings, providing an ideal environment for the best and brightest students to network with a highly qualified faculty who open new vistas of knowledge, and serve as your primary guides here. The students get a chance to participate in well-designed cultural and social, nature and environment related activities and projects. These activities will help them to develop social and cultural dimensions, learn to work in teams and develop leadership skills. The high capability of faculty and postgraduate research gives plenty opportunities for graduate students to become conversant with advances in their field of study.

Jain University provides many innovative programs which will add value to your curriculum vitae. The innovation centers, incubation centers, center for entrepreneurship and centers for industry - academic interactions are just a few to name. I wish you an eventful, energy packed and rewarding journey through your studentship and also in developing yourself as useful and responsible citizen.

I wish the lecturers and supporting staff a grand success in their endeavor to mold such responsible future citizens, achievers and leaders.

Dr. C.G. Krishnadas Nair
Chancellor, Jain University

Vice Chancellor's Message

Dear Student,

I am pleased to welcome you to Jain University, an inspiring University with a vibrant history, and promising future, a delightful place to learn, and to grow intellectually, and academically. Jain University holds a wealth of academic experience combined with a great commitment and spirit to excellence that clearly sets it apart from other universities in Bengaluru. Each center of Jain University is like a home away from home. Most of them around you speaks a language familiar to you and never will you feel lonely even for a second. Very soon you will discover that you are a member of the largest circle of friends drawn from all the states in India.

Whether you are an aspiring entrepreneur, accounting professional, manager, corporate secretary, mechanical engineer, business analyst, molecular biologist, creative artist or a media person, you can be rest assured that you will get an excellent education at Jain University and find your pathway to a rewarding career. As W. B. Yeats says, "Education is not the filling of a pail, but the lighting of a fire", we at Jain University advocate such a model of education. Our teachers do not believe in filling your heads with academic lessons but kindling the fire for learning in you. While you are here, we encourage you to strike a healthy balance between your academic activities, cultural opportunities, and rich sporting that the university offers. Jain University goal is to educate you as a whole person and we recognize that some of the important lessons you will learn will take place outside the lecture hall, the library, and the laboratory. We aim to give you the opportunity to spread your wings within a safe and exciting environment.

Best wishes to your studies, and I am certain that your time at the Jain University will be enjoyable and fruitful.

Col. (Hony.) Dr. N. Sundararajan
Vice Chancellor, Jain University

About Jain University

Ranked consistently among top Universities in India, Jain University, Bengaluru is a "Hub for Learning" that provides a platform for learners at multiple levels to share their knowledge, broaden their horizon, and work in an atmosphere that fosters collaboration, innovation, and creativity. It encourages every member of the Jain University family to take ownership for its different programs and activities.

Jain University has an illustrious history of developing talent to its true potential. Whether it is arts, science, business, or sports, the state-of-the art infrastructure and the dedicated faculty create an ambience of excellence that encourage the students to give their best. There are four-hundred research scholars at the University, involved in various fields of research ranging from Industrial Biotechnology to Psychology.

The academic programs offered at the University are distinctive and contemporary both in curriculum and in pedagogy. It challenges the students to be enterprising and stimulates their intellectual capacity to think independently. The student welfare department in the University offers the students services like Career Development, Counselling, and Financial Aid. The Women's Cell and Anti-Sexual Harassment Cell empower the women of the University to be confident and self-assured.

The theme based annual fests of the University enrich the cultural environment and invigorate the students to be imaginative and resourceful. The clubs and forums like Passion Club, Commerce Forum, Language Forum, etc., engage them round the clock.

Sports is another key ingredient of the University. It is a way of life for Jain University students. The University provides facilities like "The Aqua" (an ultra-modern aquatic complex), and "Sprintoor" (a versatile indoor stadium which has facilities for almost all indoor games) required for the mushrooming of talented sportspersons. The golf course, athletics track, tennis courts, football and cricket grounds, hockey field, and a modern gymnasium support the students in all their sporting activities.

Vision
"To foster human development through Excellence in Education, Research and Entrepreneurial Development"

Mission
- To provide quality education, creating human assets and intellectual capital
- To enhance research and development in different disciplines
- To develop new generation entrepreneurs who will be instrumental in fueling economic growth
- To foster an ethical environment founded on human values in which both spirit and skill will thrive

Core Values
- Ethics and Integrity
- Imbibing Scientific Temper
- Environmental Consciousness and Sustainable Development
- Promotion of Indian Culture and Heritage
- Active Citizenry
- Service to Society and Contribution towards National Development

SECTION 2

Academic Matters

Schools

School of Sciences

School of Sciences offers an excellent academic studies and research ambience for the pursuit of academic studies. The wide range of undergraduate, postgraduate programs in the Faculty of Sciences strive constantly for excellence in intellectual inquiry, academic freedom and integrity, and ethical practice in academic endeavors. School of Sciences has also oriented its research in areas that includes bioinformatics, cancer biology, biofuels, industrial, agricultural and environmental microbiology, mycology, enzymology, bioplastics, biomedical physics, plant metabolomics, theoretical atomic photoionization and electronic band structure of novel materials, micro/nano electronics, electro ceramics, toxinology, phytochemistry, industrial biotechnology etc. And it has established collaborative research with various national and international institutions and industries of repute.

School of Computer Science and IT

School of Computer Science and IT offer programs in bachelors program in Computer Applications, and masters programs with specialization in Information Security Management Services, Infrastructure Management Services in IT and in Storage and Cloud Technology.

School of Engineering & Technology

School of Engineering & Technology is one of the finest and renowned engineering institutions in Bengaluru. It is an integral part of the Jain University's Faculty of Engineering & Technology and offers unique graduate, postgraduate and specialized programs. Thus, the institution is intently focused to deliver the world class educational experience. The outstanding teaching and research facilities coupled with its practical and forward thinking programs, will let students to realize a distinctive & high quality academic experience which is focused on developing their skills and knowledge and thereby allow a smooth transition into the portals of industry.

International Institute for Aerospace Engineering and Management

International Institute for Aerospace Engineering and Management (IIAEM) is a collaborative venture between Jain University and Society of Indian Aerospace Technologies & Industries (SIATI), an initiative never attempted by regular Universities, which has received overwhelming support from academic institutions, R & D laboratories and industrial organizations – like ISRO, HAL, AAI, NAL, Air India, BIAL, CIAL and many others. Besides involving itself in cutting edge research, the Institute will generate a pool of technical manpower skilled in Aircraft Design, Avionics, Aircraft Maintenance Engineering, Airport Infrastructure and Management both at the undergraduate, postgraduate and research levels.

School of Management (UG)

School of Management (UG) is one of the India's leading business schools with an international perspective. It is a place where students, academicians, industry experts, business leaders and policy makers can share ideas, and enrich thinking. The institute offers a portfolio of undergraduate

and postgraduate degrees within a highly flexible learning environment, with programs designed to stimulate and challenge ambitious minds as well as prepare students for managerial and specialist roles within business and the public sector.

School of Management (PG)
School of Management (PG) is the flagship postgraduate school of management of Jain University offering MBA programs, management development programs and Research programs relating to Management. The institute has a strong foundation in academic research, yet is designed to tackle the real issues that face today's international business community.

School of Commerce
School of Commerce Studies offers portfolio of graduate and postgraduate courses in the Faculty of Commerce and Management. The rapid growth of the center is reflected in its recognition as well as uniqueness in its academic programs. These programs are internationally recognized and equip students with the study skills and business-orientated thinking.

School of Humanities and Social Sciences
School of Humanities and Social Sciences offers bachelors program in arts with
- BA (PJO - Psychology, Journalism, Optional English)
- BA (PSE - Pshychology, Sociology, Economics)
- BA (JMC - Journalism and Mass Communication)

and MA in Dance, Music, Economics, Journalism and Mass Communication.

Under the faculty of languages it offers MA in English. The thrust research areas of School of Humanities and Social Sciences are educational psychology, adolescence behavioral changes, psycholinguistics, phenomelogical counseling.

School of Interior Design
School of Interior Design offers B.Sc. in Interior Design, an innovative program that equip its students to challenge the ways in which people perceive a place. The center teach the skills needed to practice as a professional interior designer, training each student with an exciting and professional portfolio of work.

Kautilya Entrepreneurship and Management Institute (KEMI)
Kautilya Entrepreneurship and Management Institute (KEMI) is a path-breaking initiative of Jain University, which provides an engaging platform for the innovators who yearns for the best. It aims to sustain and advance the entrepreneurial agenda in a focused manner, through meaningful endeavors in entrepreneurship and business formation. KEMI aims to blend the best of eastern and western thoughts and practices for promoting agile, action-oriented, and conscientious wealth creators.

Research Centers

Centre for Research in Social Sciences and Education
The Centre for Research in Social Sciences and Education (CERSSE) undertakes research in the fields of democracy and election studies, federalism, survey based research of public attitudes and developing and testing learner centered classroom dialogue materials. Its resources and expertise have been recognized by the Forum of Federations (The International Network on Federalism) and is involved in consultancy for constitutional design in the South Sudan and capacity building for transition to democracy and decentralization in Myanmar. The center has carried out a several Train the Trainer (TOT) programs and workshops funded by DFID (Canada) and Forum of Federations. CERSSE was assigned the task by the Karnataka Knowledge Commission to undertake the first ever survey based youth study in a state of India – Karnataka, to tap the aspirations, expectations and perceptions of the youth in the state.

Center for Disaster Mitigation
The Center for Disaster Mitigation (CDM) carries out research, teaching, testing and consultancy in the areas of fire and combustion, earthquakes, floods and drought and solid waste utilization. It has a tie-up with the Underwriters Laboratory of the USA for the setting up a fire testing and certification laboratory of global standards. Major projects are funded by Department of Science and Technology, Indian Institute of Science, Bhabha Atomic Research Center, Underwriters Laboratories and TYCO. The

current activities include establishment of indoor fire testing facility for UL, conducting regulatory open pool fire testing of transportation casks for radioactive materials for BARC.

Center for Emerging Technologies
The Center for Emerging Technologies (CET) is an innovative example of industry-academia interaction. It is housed at the engineering campus and focuses on research in the frontier areas of engineering, technology and science. It has a range of projects and consultancy programs with prestigious research organizations and corporate bodies across the world. Its thrust areas of research include Autonomous and Intelligent Systems (Aero & Space, Marine, Terrestrial); MEMS, Materials, Nanobio Sciences and Engineering, Rapid Prototyping and Coating, Water and Energy. CET has completed 07 sponsored projects and has about 26 sponsored ongoing projects. It collaborates with reputed organizations like the DRDO, DST, DOS-ISRO, DAE, MOFPI and MNRE and TUV Rheinland. Faculty at the center has published in leading journals and have also filed for patents. Its researchers have also developed products in collaboration with the industry. The center also runs industry linked Masters Programs.

Centre for Nano and Material Sciences
The Centre for Nano and Material Sciences (CNMS), focuses on activities on sustainable development to meet societal demands with respect to energy production, water treatment and health issues. Some of its

innovative projects include, design and development of a photoactive float for disinfection of water and elimination of emerging contaminants (pharmaceuticals, personal care products and endocrine disruptive chemicals); a nano filtration and reverse osmosis membrane based panels for complete elimination of heavy metals of serious concern such as cadmium, chromium, lead and arsenic; and a design of nanoxide supported zeolite catalysts for enhancement of octane number in petroleum products. It presently has 13 ongoing projects funded from DST (5), BRNS, MWS and MNRE.

Center for Research in Aerospace Engineering and Management

The Center for Research in Aerospace Engineering and Management has a mission to generate high quality human resources and pursuing research excellence in the fields of aerospace engineering and aviation business. The special strength of the center is its orientation to meet industry needs through continuing education and enrichment programs thus addressing the needs of practitioners. The center is currently executing research projects in the areas of autonomous flights, structural health monitoring, structural damage mitigation, nano polymer composites, remote sensing using aerospace technologies and has sponsored projects from Aeronautics Research and Development Board under DRDO, on structural damage mitigation. It is supported by academic institutions and industrial organizations like ISRO, HAL, Airports Authority of India, NAL, Air India, BIAL, CIAL and many more.

Chenraj Roychand Center for Entrepreneurship*

The Chenraj Roychand Center for Entrepreneurship (CRCE) has done path-breaking work in providing strategic support and mentoring entrepreneurs by venturing into the business. 40 companies have been successfully incubated. The center has developed the 21 step model to become an entrepreneur and has provided guidance and support to young entrepreneurs to give wings to their business ideas. As one of the business incubation centers of the University, CRCE plays a critical role in realizing the goals set for itself by the University in terms of entrepreneurial development. Besides, the DST has approved financial support to the Technology Business Incubator (TBI) at Jain University. Alsthom, France has also pledged support to the TBI.

Fire and Combustion Research Center

Conducting Research and Development in innovative areas has been a major objective of the Jain University. Fire safety and related combustion studies are in a state of infancy in India and promotion of R & D activities in this area will be in line objectives of Jain University. Towards this, a collaborative arrangement with UL India already exists with JGI Group for setting up a state of the art testing laboratory called Underwriters Laboratories - Jain Fire Lab (ULJFL) for fire related products at JGI Global Campus. Because of a continued testing activity, ULJFL will be in continuous live interaction with major players in global fire safety industry. This arrangement provides an excellent opportunity to develop a focused research group working in the area of fire and combustion research leading to

establishment of a research center. ULJFL interactions can be capitalized to create a research environment where frontier R & D issues of fire industry can be analyzed to frame research questions of significance to Indian context. ULJFL and its activities will render credibility to the activities of the group which can further establish relationships with renowned research groups in the areas of fire safety working in India and overseas and hence provide a global visibility.

Solving fire related problems will require engineering and technological abilities encompassing a wide range of engineering fields - civil, mechanical, electrical, electronics, computer science etc.,. Regular engineering courses at PG and UG level offered by Jain University in these streams can benefits from the activities of the center.

Specialized PG training programs in the areas of fire and combustion safety are offered to promote knowledge dissemination.

JU INCUBATION Center (JUIC)*

JU INCUBATION Center (JUIC) is a joint initiative by the Department of Science and Technology (DST), Govt. of India, ALSTOM, France and Jain University. JUIC is registered in February - 2015, as not-for-profit company under Section 8 of Companies Act 2013.

DST (NSTEDB) vide in its letter number 22/16/2014-NEB dated 29.09.2015 has approved Rs.160 lakhs towards non-recuring heads of expenditure and Rs. 200 lakhs towards recurring heads of expenditure for 5 years.

ALSTOM had provided a letter of commitment to the extent of Euros 100,000 on 23-12-2014. JUIC-TBI applied to the Ministry of Home Affairs (MHA) for FCRA clearance on 14th May 2016. A representative from MHA also carried out an inspection during August 2016. FCRA clearance is however still awaited.

JUIC is operational from three locations in Bengaluru, namely Registered Office at JGI Global Campus, Kanakapura, City Campus at J.P Nagar 6th Phase and Entrepreneurship Factory at Jayanagar 4th Block. AT JGI Global Campus, JUIC is housed inside Jain University's School of Engineering and Technology, and thus, leverages all the resources that are accessible within the campus, such as laboratory, workshops, development and testing centers, computing resources, internet, library and above all highly experienced and knowledgeable human resource.

Center for Ancient History and Culture

The Center for Research in Ancient History and Culture (CAHC) is established with a view to present an objective analysis of Ancient Indian History. The research work in the center intends to review scholarly works on Vedic culture and present Indian history in the right perspective. The thrust areas of research include monographs on Indian astronomy before Siddhantha period, manuscriptology and to bring out a three volume encyclopedia on technical scientific terminologies used in ancient Indian literature.

Evaluation Process and Reforms

At the beginning of the semester, the evaluation methods / scheme of examination are communicated to the students by the faculty. The probable dates of conduct of midterm examination, end semester examination, assessment details and guidelines are printed in the University Hand book and Academic Calendar which is distributed to each and every student. The evaluation process of the students is continuous. Signatures of the students are taken on the statements of CA (Continuous Assessment) marks to bring absolute transparency. IA (Internal Assessment) marks are displayed on the notice boards and the students can clarify IA marks with respective departments. The examination schedules, notices, timetable, etc. are put up on the website as well as on the notice board of the respective constituent units of the university. Orientation program is conducted for M.Phil. and Ph.D. students so as to brief them about the rules and regulations.

qualitative improvement in the national higher education system. This allows the students to have a choice to choose from the prescribed courses, which are referred as core, elective or minor or soft skill courses and they can learn at their own pace and the entire assessment is graded-based on a credit system. The emphasis is shifted from teacher-centric education to the student-centric education and the CBCS makes education broad based and at par with global standards.

Choice Based Credit System (CBCS)

Choice Based Credit System (CBCS) is an initiative of the University Grants Commission (UGC) to bring about a

Undergraduate Calendar of Events

BA / BCom / BBA / BCA / Bsc / BSc (ID) / BMS etc. (Odd Semester)

DATE	EVENTS
25th May 2017	Commencement of classes for III and V semester
1st June 2017	Commencement of classes for I semester
29th June 2017	Last date for admission to degree courses (without penal fee)
3rd July 2017	Last date for admission to degree courses (with penal fee)
12th July 2017	Submission of original documents by I semester students for admission approval
15th July 2017	Last date for submission of admission statement along with all relevant documents for approval of admission from the University
19th to 21st July 2017	Scrutiny and approval of admissions of I semester students
24th July 2017	Submission of I semester admission list to the COE
2nd August 2017	Commencement of mid-term tests
9th September 2017	Payment of examination fees (without penal fee)
13th September 2017	Payment of examination fees (with penal fees)
14th September 2017	Issue of hall ticket begins
15th September 2017	Commencement of preparatory examinations
26th September 2017	Last working day for students
27th September to 16th October 2017	I, III, & V semester theory examinations
28th September 2017	Audit of internal assessment marks
3rd October 2017	Last date for submission of internal assessment marks
6th October 2017	Commencement of valuations
17th October to 1st November 2017	Vacation to students

DATE	EVENTS
2nd November 2017	Re-opening of classes of II, IV & VI semester degree students

Please Note:
The dates under Sl. Nos 2 to 4, are subject to the declaration of PUC results.
During vacation, it is mandatory for lecturers to undertake valuation of theory and practical examination assigned by the University.

BA / BCom / BBM / BCA / BSc / BSc (ID) / BMS etc. (Even Semester)

Internal Quality Assurance Cell (IQAC)

The IQAC of Jain University was established in the year 2009. The IQAC has integrated itself into the institutional system and is working towards realization of the goals of quality enhancement and sustenance. The IQAC has channelized its efforts and measures towards promoting holistic academic excellence. Some of the main functions of IQAC at Jain University are: Benchmark for academic /administrative activities.

- Creation of learner centric campus
- Obtaining feedback form Students, parents and various stakeholders
- Inter and intra workshops on quality themes
- Adoption and dissemination of best practices
- Performance based appraisal system
- Preparation of Annual Quality Assurance Report (AQAR)
- Post accreditation quality sustenance activities

Induction & Orientation Service

A full-fledged induction program is arranged for new students for welcoming them to the world of Jain University. The range of activities include: welcome speech by the President, the Vice Chancellor and the Center Head. The program gives students an opportunity to meet their fellow students and experience the academic, social and cultural life of Jain University.

The Library Service

The library is the center of academic life and provides a range of services to support and enhance student learning at the campus. A team of subject specialist librarians and other trained staff provide a wide range of services to support their information needs and help them to make the most of the resources available.

The library offers:
- Study places for more than 200 readers
- Collections of printed books and journals
- Main Collection of books 1,19,138 of them as well as CDs, DVDs and journals
- Online research journals
- 1218 National and International Periodicals
- A website listing thousands of high quality internet sites grouped by subject
- PCs and laptops to access databases and the internet
- An access to other academic libraries in the city
- Self-service units for borrowing / returning library books
- A wide range of quality electronic library resource
- Online reading lists

IT Services

The University provides a comprehensive computer based service in the IT center with high speed internet access including wi-fi connectivity. The class rooms and laboratories are equipped with computers, with a wide range of specialist applications to support study programs.

Technology Enabled Classrooms

The altar of learning has always been the classroom. The classrooms at Jain University are a whole new world of discovery, equipped with high tech facilities like high speed internet connectivity. The class rooms are air conditioned, with audio visual facilities etc.

Get Online

The Jain University website has the main

reference point for exploring all of the exciting services and facilities to offer. To explore the website, visit: www.jainuniversity.ac.in. On the website one will find all of the latest Jain University news, details of the upcoming events, and photographs from recent activities, examination schedules, media coverage and video gallery. One can also be an active participant on our social media page with an easy access to Facebook, Twitter, YouTube and Instagram.

Accommodation
The global campus of Jain University has top quality halls of residence for boys and girls which accommodates 650 students. Located in pristine surroundings, resident students can access the Library on 24 x 7 basis, swimming pool and outdoor sports facilities.

Besides, the Jain University Hostels, located across South Bangalore offer residential option for students in the heart of the city. The University provides separate spacious accommodation for boys & girls with complete food, laundry and recreational facilities. Warden supervision, hygiene, safety, kitchen facilities, medical checkups, medical insurance, telephones and state of the art facilities are just some of the other amenities.

Gymnasium
The students are provided with excellent gym and yoga facilities. The simple yet comfortable environment provides a congenial setting in which regular exercise and relaxation becomes a real pleasure, in a friendly & welcoming atmosphere. The gym sports has a variety of equipment which caters for virtually all sporting needs of the students from serious cardio-vascular workout to maintaining general level of fitness.

Auditorium
The auditorium is well equipped with modern acoustics and state-of-the-art facilities to conduct seminars, corporate events, student activities and general announcements for the students.

Technology Enabled Learning (TEL)
Jain University has been a pioneer in developing innovative learning methodologies in order to enhance the learning abilities of a student, thus providing competitive edge in professional life. Jain University has recently launched the Technology Enhanced Learning (TEL) for its various programs. The idea is to harness the power of technology and internet, in particular, so as to develop a unique method of learning process which is learner-centric.

Multi-Cuisine Cafeteria
The cafeteria is a hub of student activity, social exchange and youthful energy. Bustling with social life, it is also a place where students exchange crucial ideas, pool in effort and strategies on every day activities. It serves as a place for diverse interests, from brainstorming for competitions to relishing a hot cup of coffee.

International Students
International students include Foreign as well as Non-Resident Indians (NRI)

Foreign students: Students holding passports issued by foreign countries, including people of Indian origin who have acquired the nationality of foreign countries, are included as foreign students.

Non Resident Indians (NRI): Only those Non Resident Indian students who have studied and passed the qualifying examinations from

schools or colleges in foreign countries will be included as international students. This will include the students studying in the schools or colleges situated in foreign countries even if affiliated to the Boards of Secondary Education or Universities located in India, but will not include students studying in those schools or colleges (situated in India) and affiliated to the Boards of Secondary Education or Universities of the foreign countries. Students passing the qualifying examinations from Boards or Universities located in foreign countries as external students and dependents of NRI studying in India will not be included as international students.

The Office of the International Relations helps international students to adjust and fully participate in the Jain University campus community activities. The office provides orientation to the new students prior to the start of the semester. Throughout the academic year, the office provides
- Counselling on personal, academic and financial matters
- Program for social and cultural exchange
- Information about international employment and organizing
- English classes for the international students

The Counsellors of the Office of the International Relations help international students adjust to life at Jain University. They help new students through orientation and registration and are available round the clock to assist the students in solving the problems.

SECTION 4

Student Welfare Services

- Career Development Center
- Vishwas - Student Counselling Center
- Human Networking Academy - Mind Management and Human Values
- Financial Aid
- Services for the Scheduled Castes / Scheduled Tribes Students
- Women's Cell
- Anti-Sexual Harassment Cell
- Student Grievance Redressal Cell
- Kalarava - Psychological assessment and Counselling Center
- Assistantships, Fellowships, Student Insurance
- Equal Opportunities Cell
- E-Library
- Training and Placement Cell
- University-Industry Interface Cell

Career Development Center

The Career Development Center at Jain University provides students, the skills, confidence and networking need to launch and succeed in their chosen career. A combination of location, programs, academics and industry contacts implies that the University provides head start in profession, business, research and higher education. As a result, the University has an excellent graduate employment record and maintains good relationships with a wide cross section of organizations within a variety of industry sectors. Many key employers hold student presentations at Jain University or attend our regular career fairs.

As a student, and also after graduation, one will have full access to all the facilities at the Career Development Center. They are also helped to:
- Explore career and study options
- Develop the skills that will impress future employers
- Encouraged to achieve ambitions
- Find full and part-time jobs
- Write CVs, covering letters and application forms
- Prepare for interviews, psychometric tests and assessment centers

Vishwas - Student Counselling Center

Vishwas is the counselling center of Jain University. The counselling activities of all the centers are integrated under this center. The center is working towards mitigating the problems faced by the students. The unit counsels students and try to solve the issues related to learning problems and disabilities, substance abuse, relationship problems, personal habits, family related issues, anger management, identity and self-esteem. The counseling center was started, keeping in mind the problems faced by the students in the tough competitive world. The center tries to solve issues related to learning problems, disabilities, relationship problems, personal habits, family related issues, anger management, problems related to identity and self-esteem, domestic violence and cultural / ethnic diversity. The Counselor suggests ways to cope or overcome the problems with relevant counselling and guidance. Confidentiality is maintained for the services and information. It is an altruistic effort on the part of the University that its services are not charged.

Human Networking Academy

A team of high profile, creative, imaginative faculty of Human Networking Academy, Jain University conducts a unique, innovative and experiential course which addresses the need to equip students with requisite knowledge and skills to strengthen their mind. The motive behind conducting this course is to create an individual who is intellectually alert, morally upright and physically strong. Awareness about our national history, culture, social responsibilities and human values is created through interactive sessions, short, silent, educational and theme based films, University documentaries and outbound learning programs.

Financial Aid

The University provides financial aid to the needy and eligible students. Merit scholarships for the meritorious students are provided every academic year. Fee concession is provided for economically weaker students and to the students belonging to disadvantaged groups. A special test for merit scholarship is conducted and the eligible students are awarded with the

scholarships. The eligibility for taking the test is 80% in the qualifying exam. Merit scholarships are given to students as an incentive for improving their performance. Sports scholarships are given to outstanding sports persons in the form of fees concessions, cash incentives, sponsorships to tournaments, etc.

Services for the Scheduled Castes / Scheduled Tribes Students

The students belonging to Scheduled Castes / Scheduled Tribes are encouraged to take admission in Jain University. They are provided with scholarships and are encouraged to take up admissions for higher studies in the University. The University voiced the SC / ST students to get free ships from the government.

Women's Cell

There is a separate Women's Cell comprising of senior faculty members and two student representatives from each school / center for creating awareness to empower Women in all fields. The cell is actively involved in empowering women (both faculty and students) women students are encouraged to take part in activities related to women issues which will develop awareness about women's rights, gender sensitivity, information and empowerment. In addition, the Women's Day is also celebrated on 8th March every year.

Meetings are regularly conducted to discuss various issues like women empowerment, work life balance, developing professional competence and motivating women to become career oriented.

Anti-Sexual Harassment Cell

The cell consists of women faculty and women students as its members. The environment is free of from any of kind of harassment or disregard to women. They are given equal opportunities in all areas of work. They are suitably appreciated for their sincere and dedicated work. The women students are encouraged to take part in co-curricular, extra-curricular and sports activities. There is absolutely no gender bias on the campus.

The cell takes certain preventive measures to maintain discipline and code of conduct are formulated, such as use of separate staircase and elevator by girls and boys and regular check on the prescribed dress codes specified in the prospectus.

Student Grievance Redressal Cell

The Student Grievance Redressal Cell aims at strengthening the teacher - student relationship and instills confidence in students. The cell takes care of the student requirements, happenings in the class, addressing problematic issues without delay, inculcation of human values and maintaining qualitative social ambience in the premises. Each unit has a committee which reports to the Integrated Grievance Cell. Most of the grievances are sorted out in an informal manner.

Kalarava - Psychological Assessment and Counselling Center

Kalarava - Psychological Assessment and Counselling Center of Department of Psychology, Jain University offers psychological counselling for those in need & extends services and expertise to the general public. The center also help postgraduate students of second year psychology to get a practical exposure on their areas of specialization such as counselling, therapy etc. The center offers play area therapy, life skills counselling, abuse counselling, rational emotional behavior theory, art therapy, corporate counselling etc. The play therapy area is the special feature of 'Kalarava'. Through special games, toys and finger puppets, the play therapy helps children below the age of 12 to deal with their emotions such as self- disclosure, expression and various interpersonal and intrapersonal relations.

Assistantships, Fellowships, Student Insurance

Assistantships, Fellowships, Student Insurance and many such schemes are available to Jain University students. Academic Resource Group (ARG) provides counseling to the student's fraternity on case to case basis. It is generally, done on one to one basis either with the students or the parents.

The ARG also supports the students for paid internship activities and part time jobs depending on the case requirement. The staff and students of the management program have been given the accident insurance benefit.

Equal Opportunities Cell

The main problems faced by people viewed as disabled, or with disabilities, or of minority status, or stems from disabling environmental, economic and cultural barriers. Disability and minority are therefore issues of equal rights on par with other forms of unjustifiable discrimination and prejudices. The Equal Opportunity Cell addresses the concerns of the students belonging to SC, ST, OBC and persons with disabilities (PWD). As part of its mission statement, the EOC ensures the following:
- Affirmative and inclusive actions

concerning SC, ST and OBC
- A barrier-free access to all buildings of Colleges, Departments, Libraries, Hostels and Offices of the University
- No discrimination on grounds of disability or minority status
- Reaching out to like-minded institutes and organizations dealing with similar issues
- Special learning measures in the library for people with disabilities

Information and Computer-Technology enablement aims at developing basic skills in communication and information through the use of computers mainly for those with visual impairment.
The programs on Disability and Human Rights help in understanding the experiences of students and staff with disabilities. It is designed to bring about the issues that affect the way in which people with disability are treated, locally as well as globally.

Jain University encourages differently-abled students to take up the programs offered by the University. They are given preference in the use of facilities like lifts, canteens, cafeteria and library. They are also allowed to record lectures in the class rooms. Visually impaired students are provided with software "George" to enable them to download material.

E-Library

E-Library is a comprehensive collection of content of books (non-book materials), periodicals / project reports / research articles / hand books / manuals / new letters etc. The key benefits of our e-library are:
- Access all e-books and browse the content immediately - when you need it
- Find exactly what you are looking for

with a robust searching mechanism
- Place the most frequently accessed book titles on your own private bookshelf
- Facilitates easy purchase of the book after you had an opportunity to browse it online

Training and Placement Cell

The Training and Placement Cell of Jain University prepares the students to face the professional world and develop appropriate skill sets and work ethics. The cell allocates the best placement opportunities and guides the students in making the right career choice. Placement is ensured for eligible students. The primary objective of the placement cell at Jain University is to contribute to nation building by moulding students as corporate citizens. The training and placement cell works closely with the industry interface cell to create employment opportunities for emerging courses. The average placement for the past five years has been 93%. The highest CTC for PG has been INR 10.9 lakhs and for UG INR 16 lakhs per annum.

University-Industry Interface Cell

This cell has been created keeping in mind the ever changing industry landscape. The cell works with various Schools of the University to bridge the gap between theory and applied learning. It also facilitates the design of courses in collaboration with industries and professional bodies. The cell also supports the Student Career Advisory and Placement Support Team (SCAPS) for various activities. It also facilitates research, consultancy projects and various faculty development programs for the University. Some of the major activities of the cell are aimed at strengthening the academic and research activities, attracting collaboration &

tie-ups to develop new age courses and set up innovative labs, to interact with industry for skill development, career enhancement, intrapreneurship and entrepreneurial development for students.

Better interaction between technical institutions and industry is the need of the hour. This will have great bearing on the engineering curriculum, exposure of industrial atmosphere to engineering students and subsequent placement of young graduating engineers in industries across the country. With the advent of globalization and opening up of Indian economy to outside world, competition among industries have become stiff. To solve their engineering problems, now they look up to Engineering Institutions. Similarly, there is an urgent need to prepare engineering students for jobs in multinational companies by exposing them to newer technologies and engineering methodologies. These objectives can only be achieved well by bridging the gap between industry and the academic institute.

- Establishment of University - Industry Partnership / Interaction Cell
- Organizing workshops, conferences and symposia with joint participation of the faculty and the industries
- Participation of experts from industry in curriculum development
- Arranging visits of staff members to various industries to understand the latest trends
- Joint research programs and field studies by faculty and people from industries
- Memorandum of Understanding between the University and industries to bring the two sides academically and strategically closer

- B.Tech. and M.Tech. projects / dissertation work in industries under joint guidance of the faculty and experts from industry
- Internship in industry
- Visiting faculty / professors from industries
- Creating professorial chairs by industries at the University
- Establishing R&D laboratories by industries at the University
- Instituting scholarships / fellowships by industries at the University for students

SECTION 5

Student Involvement

- CMS Festival
    - Threshold
    - Abhinaya
    - Lasya
    - Precipice - International Management Fest
- Taru Samskriti
- Login - Technical Fest
- Samanvaya - Commerce Fest
- Infinity
- National Cadet Corps
- National Service Scheme
- Radio Active
- E-Week India
- Corporate Expo
- Science Model Expo

Jain University provides a multitude of co-curricular activities to enrich students lives beyond academics. Becoming involved in some of the clubs and associations can be a great way to meet people, learn new skills and hone current interests. The students can help produce the "Aventure", a quarterly magazine, participate in debating competitions, broadcast online with Radio Active and volunteer within the community and much more besides.

CMS Festival
The CMS Festival is an amalgamation of all the four national level fests under the Jain University Center for Management Studies. The festivals together combine education, fun and explores different facets of a human being that complement one another; the professional, the aesthetic and the personal excellence.

Threshold
Threshold is a fest designed and conducted exclusively for first year management students, taking into consideration their level of experience and competence. It is envisioned as a platform to take students from the novice level to that of exceptional initiative.

Abhinaya
Abhinaya provides a national level platform for the thespian talents to showcase their skills at the amateur theatre festival. It aims to achieve integration in diversity across the nation and language. Featuring plays in Hindi, English and Kannada, Abhinaya is now poised to be the prime performance of the Academy of theatre arts at CMS. Abhinaya will help young Indians to revitalize their Indian identity develop new perspectives and mold character through discipline and passionate vision.

Lasya
Lasya - a colorful beginning of a cultural awakening is the first inter-collegiate national level cultural event with a blend of intellect, grace and creative flair organized by Jain University - CMS.

Precipice - International Management Fest
Precipice is an international management fest organized by Jain University - CMS that puts decision making, organizational and entrepreneurial skills to the test, besides being a celebration of student life as a whole. This fest provides students with the opportunity to assess their proficiency at planning, organization, execution and competition.

Taru Samskriti
Taru Samskriti, an annual all India inter-collegiate techno-come-cultural fest provides an imposing platform for the students across the country to showcase their talents. This event, over the past years, has witnessed excellent country-wide participation bringing great acclaim and appreciation.

Login - Technical Fest
Login, the technical fest attracts enthralling crowd of overwhelming and enthusiastic students from all over Bengaluru. Students are introduced to a techno paradise enabling them to boost up their energy levels and showcase their hidden talents.

Samanvaya - Commerce Fest
Samanvaya, a national level business fest conducted by Jain University - School of Commerce Studies, has set trends and yardstick throughout the years. It has been at the forefront of conducting innovative events

and attracting the best participants from all over India. This has been a nurturing ground for talent & ideas and the trend continues to grow year by year.

Infinity
Infinity, the annual intra-university cultural festival of School of Engineering and Technology spread over three days. This mega in-house event is contested branch wise with events covering the cultural, technical and management fields.

National Cadet Corps
National Cadet Corps is a leadership training activity for students that teaches them responsibility and resourcefulness. It also helps students to develop smart thinking, quick reasoning and reaction skills and handle various situations in an adept manner. Students who are physically fit, are encouraged to join the NCC (National Cadet Corps).

National Service Scheme
The motto of NSS "Not Me but You" reflects the essence of democratic living and upholds the need for self-less service. NSS helps the students to develop appreciation towards other person's point of view and also show consideration towards other living beings. Jain University encourages students to volunteer and be a part of this social wing.

Radio Active
The first community radio station in Bangalore, Radio Active CR 90.4 MHz provides students a challenging platform to develop social awareness and broadcast programs concerning education, sports, empowerment of marginalized communities, health awareness, environmental consciousness and such other sensitizing concerns. The students of Journalism and Mass Communication department are given the practical hands-on training by qualified instructors.

E-Week India
Entrepreneurship Week India, through the National Entrepreneurship Network (NEN), brings in a week-long awareness campaign that celebrates the opportunities in today's India, and engages people in improving the entrepreneurial eco-system. Students are allowed to showcase their activities in entrepreneurship, and platform will be provided to spread the spirit of entrepreneurship to broader sections of the community.

Corporate Expo
The corporate expo is a real-time experience that connects the students to the products and services marketed by corporates to the real world. This helps in encouraging students learn from practical business scenarios and introduce the concept of technical presentation and convincing abilities among the students. To build up marketing skills and help students in model building.

Science Model Expo
It is an attempt to encourage hands on experience of creating innovative and exploratory models in science which will help the students concretize some of the concepts of science that they learn during their course of study. This outreach program invites other Universities to participate in the exhibition with their exhibits / models.

Sports at Jain University

- Notable Alumni
- Sports Scholarship

Sports at Jain University

Jain University advocates sports. Stemming directly from the vision of overall student development, the university provides facilities and encouragement for every sport activity that students find interest in. Exceptional talents are given adequate encouragement to emerge as winning performers in their chosen sporting disciplines. Our students have participated in Olympics World Championship, International, National and State Championships across the fields in sports.

VIE, an All India Sports Extravaganza, is an annual event hosted by Jain University. This year the university saw an outstanding performance and participation of students from more than 50 colleges in various indoor and outdoor sporting events.

Objectives
- To provide International exposure for sportspersons for training and competitions.
- To provide training and coaching from eminent Indian and foreign coaches.
- To provide the necessary facilities for sports purpose to achieve excellence in the chosen sports.

Facility
The students will have the ideal opportunity to get involved in sports, whether it's something completely new or something already accomplished. Around 160 acres of the JGI Global Campus is devoted to sport. In addition to football and hockey pitches, the campus has tennis courts, a six hole golf course and a well-designed international standard cricket ground with 5 strips of turf wicket to host any international or national level cricket match. The indoor facilities are also extensive, comprising a multi-purpose sports hall with 4 badminton courts with Gerflor synthetic flooring, one basketball court with wooden flooring, table tennis hall with 15 tables, billiards and snooker hall with six tables, bowling alley - 4 lane, 2 glass-backed squash courts, an activity hall (ideal for aerobics, dance, martial arts and yoga), air conditioned gyms with most modern equipment, cardio fitness center, aerobic center and sauna, steam and Jacuzzi.

General Rules for Discipline

Discipline
Misuse or damage to University property or facilities will lead to disciplinary action which could result in termination of a student's studies and / or payment for damages and call out charges. Breach of discipline can range from a failure to comply with any statute, ordinance, regulation or rule prescribed for the conduct.

Security
Personal property is the responsibility of the individual. The University will not accept any responsibility for items lost or stolen. Items lost or found should however be intimated at the facilities management desk.

Ragging
What constitutes Ragging?
(a)   Any disorderly conduct whether by words spoken or written or by an act which has the effect of teasing, treating or handling any other student with rudeness

(b)   Indulging in rouge / gangsters or indiscipline activities which causes or is likely to cause annoyance, hardship or psychological or physical harm or to raise fear or apprehension thereof in a fresher or a junior student

(c)   Asking the students to do any act or perform something, which has the effect of causing or generating a sense of shame or embarrassment that adversely affect the physique or psyche of a fresher or a junior student

(d)   Teasing, embarrassing, humiliating, assaulting or using criminal force or criminal intimidation, wrongful restraining, confining, causing grievous hurt, kidnapping, extortion, molesting, committing unnatural offences, causing death or abetting suicide

Prohibition of Ragging
(a)   Ragging within the University campus including its institutions / departments and hostels is strictly prohibited

(b)   Ragging in any form is also prohibited in the private lodges / buildings where these University students are staying

(c)   No person including students / staff / faculty shall participate or abet propagate ragging in any form

Punitive action by the Administration
Ragging is a cognizable offence under the law and the punishments meted out have to be exemplary and justifiably harsh to act as a deterrent. It may include

(a)   Cancellation of admission, suspension, rustication or expulsion from the University / hostel

(b)   Expulsion from the institution, and consequent debarring from admission to any other institution for a specified period

Attendance Requirements
(a)   Undergraduate Program (other than Engineering)
·   A student is eligible to appear for the semester-end examinations, only if he / she has put in a minimum of 75% attendance in each subject individually.

·   No candidate is permitted to take the end-semester examination if he / she does not fulfill the attendance requirement.

·   If a student is absent from all the classes without prior permission his / her name will be removed from the rolls of the University.

(b)   Undergraduate (Engineering) Program
·   A student should have attended a minimum of 85% of the classes conducted in each subject. In case student fails to fulfill the 85% attendance requirement, then the Dean / Director can consider condonation to a maximum extent of 10% provided the candidate has a minimum of 75% attendance in that semester.

·   No candidate is permitted to take the end-semester examination if he / she does not fulfill the attendance requirement.

·   If a student is absent from all the classes without prior permission his / her name will be removed from the rolls of the University.

(c)   Postgraduate Programs
·   A student should have attended a minimum of 85% of the classes conducted in each subject. In case student fails to fulfill the 85% attendance requirement, then the Dean / Director of Center can consider condonation to a maximum extent of 10% provided the candidate has a minimum of 75% attendance in that semester.

·   No candidate is permitted to take the end-semester examination if he / she does not fulfill the attendance requirement.

·   If a student is absent from all the classes without prior permission his / her name will be removed from the rolls of the University.

The above requirements may strictly be adhered to.

The students failing to comply with attendance requirements shall be required to seek re-admission into the same semester by paying the stipulated fees.
