Message from the Vice-Chancellor

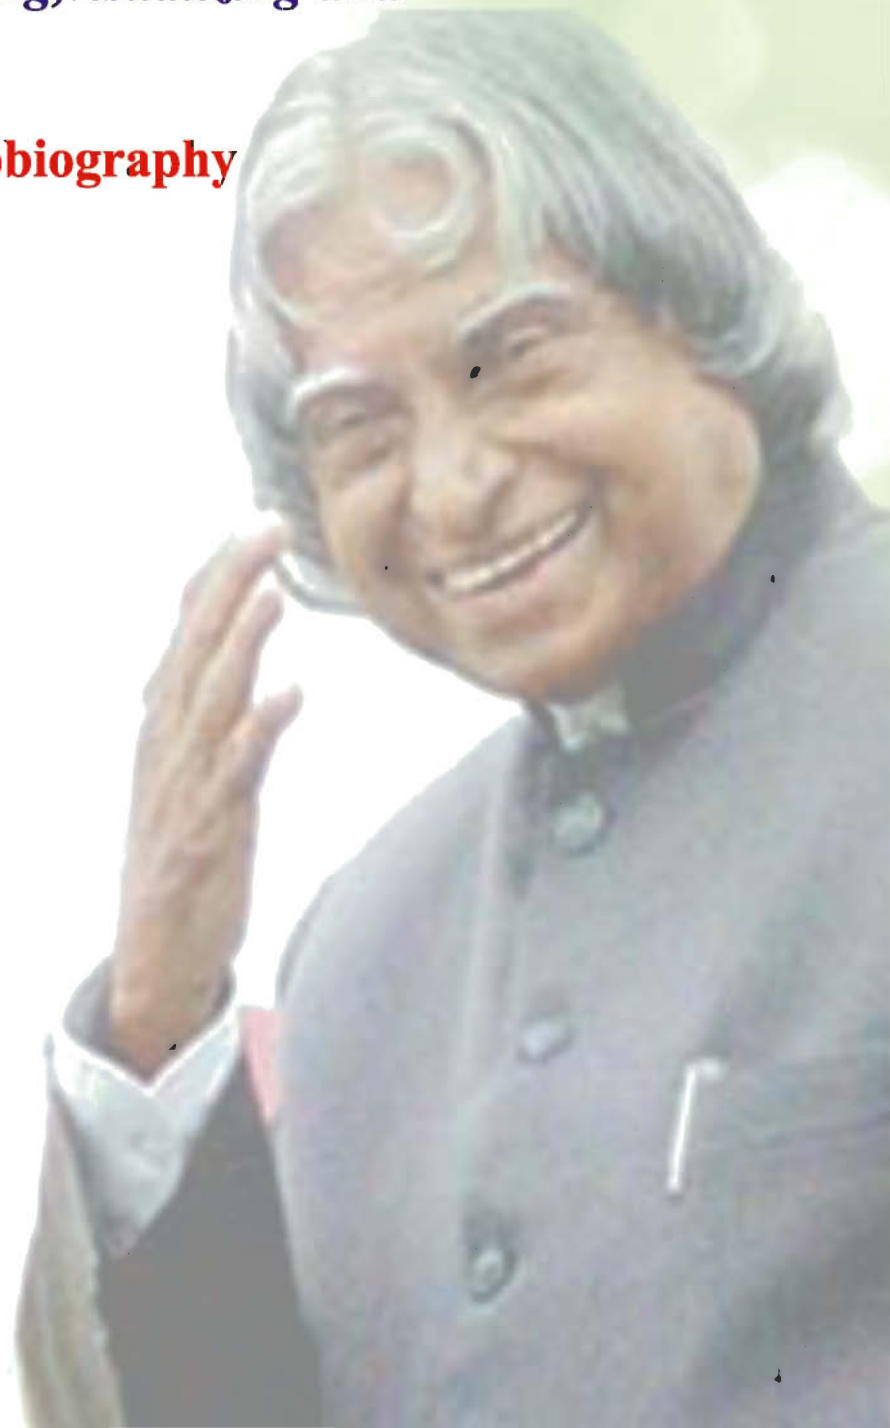

Bodoland University was established keeping in view the aspirations of the populace of the BTAD towards nurturing matters related to higher education of the students of the region. Accordingly our University would have to serve the people of the BTAD through pre-eminence in creating, communicating, preserving and applying knowledge and academic values, and in developing persons who would be able to challenge the present and enrich the future. Our University aims to be an institute of higher learning accepted as a natural choice by the students of North-East India, known nationally, recognized for its curricula in arts, sciences and professional programmes, and admired for setting high standards of education. It would do the needful to focus on high class teaching, to invigorate research to address scientific, socio-political and cultural matters to generate wisdom, to nurture creativity, to engage in productive partnerships with other institutes of higher learning and to forge interdisciplinary programmes. We have opened the Departments of Physics, Chemistry, Zoology and Botany in 2014 and the Departments of Environmental Studies and Education in 2015. We have plans to open the Department of Commerce in the current academic session. Meanwhile, the centre for Women Studies has become functional.

I believe, the students would find their stay in the University a memorable one.

Prof. Hemanta K. Baruah
Vice-Chancellor
Bodoland University.

"It has been my personal experience that the true flavour, the real fun, the continuous excitement of work lies in the process of doing it rather than in having it over and done with. To return to the four basic factors that I am convinced are involved in successful outcome: goal setting, positive thinking, visualizing and believing"

A BRIEF INTRODUCTION OF BODOLAND UNIVERSITY

Bodoland University is the only University in entire BTAD area as well as of west Assam with a vision of cultivating high intellectual integrity and dissemination of knowledge. It is the outcome of long struggle and hopes and aspirations of the people of this region. The University aims at promoting and developing the socio-cultural and rural economy of the region by imparting value based education, doing research work and necessary training to the youths and thereby attempts at fulfilling their dreams of a secure and better future. Initially the Bodoland University was set up as a campus of Gauhati University in the name and style of 'Gauhati University, Kokrajhar Campus' in the year of 1997; which was upgraded into a full-fledged university in 2009 in the name and style of 'Bodoland University' by an Act of the Assam Legislative Assembly on 28 February 2009.

The University is located at Debargaon ($26^{\circ}28'8.98''\text{N}$ and $90^{\circ}17'54.4''\text{E}$) which is approximately 9 kms. from Kokrajhar town. The university campus is situated in a peaceful and calm environment which spreads over an area marked with scenic beauty and picturesque landscape. The campus has flourishing green paddy fields on the southern side, with the holy river Gaurang flowing on its western side. Again, the area has rural communities settled on the northern side of the University, and the serene Bodoland Martyrs' Cemetery to the east where one can enjoy a tranquil and leisurely time. The quiet ambience of the University provides a conducive atmosphere for the pursuance of intellectual excellence and uninterrupted research activities.

**Connectivity:**

Kokrajhar town functions as the head quarter of the Bodoland Territorial Council. Kokrajhar town offers all kinds of civic amenities and modern facilities to its inhabitants. Situated in Kokrajhar, the University is conveniently well connected by rail and road. Local transportations like bus, auto-rickshaw and taxi are easily available from Kokrajhar town; and the road leads towards and connects to the National Highway No. 31 at Karigaon. The nearest Railway station is the Kokrajhar Railway Station which serves as an important link to most of the major cities of India like Delhi, Kolkata, Mumbai, Chennai, Bangalore, Puri, Ahmadabad, Ranchi, Patna etc. The nearest Airports are Lokopriya Gopinath Bordoloi Airport at Borjhar, Guwahati and Bagdogra in West Bengal which are at the distance of about 200 KMs. from Kokrajhar. The University is also strategically located at a distance of 45 KMs. from West Bengal, 50 Kms. from Bhutan and 110 KMs. approximately from Bangladesh. The location makes it possible for students and researchers across the border to conveniently get access to the University. The University not only provides opportunities for higher studies to the populace of this region, it also caters to the educational needs of the adjoining states and neighboring countries like Bhutan, Nepal and Bangladesh. The University thus has the potential to foster liberal exchange of knowledge and ideas even beyond the territorial boundaries of the nation. Apart from the main campus of the University positioned at Debargaon, Kokrajhar, the University has two other plots of land at Haldibari and Subaijhar for further extension of the University.

Bodoland University presently has 16 academic departments under 6 schools of study. The department of Assamese, Bodo and English are under the faculty of Languages; the department of Economics, History, Political Science are under the faculty of Social Science; the department of Education under the faculty of School of Humanities; the department of Geography is under the faculty of School of Environmental Studies; the department of Mathematical Science, Biotechnology, Computer Science and Technology, Zoology, Botany, Physics and Chemistry are under the faculty of Sciences and department of Studies on Management is under the faculty of Management Studies. Apart from the academic departments mentioned, there are five centers of study, viz. Centre for Bodo studies, Centre for Women studies, Centre for Peace and Conflict Studies, Antiquarian Study Centre and Research Centre on Mushroom and Bamboo Technology. Further, the University offers Diploma in Bamboo Technology and Application (Department of Biotechnology) and Diploma in Human Rights conducted by Department of Political Science. The PG institutional Bio-Tech Hub is associated with Department of Biotechnology which is well-equipped with instrumentation facilities and basic laboratory resources for adhering to the needs of the M.Sc. and Ph.D. students. Again recently the DBT, Govt. of India has approved the project of establishing Bio-informatics Infrastructure facilities (BIF) in this Department.

The University has faculty members who are dedicated, well-equipped and noted academicians from various parts of the country. Over the years, the University has been able to welcome an increasing number of students not only from the BTAD area and several parts of North-East India, but also from other parts of the nation.

Bodoland University is open and flexible to modern innovations in higher education. In response to transforming outlook in the field of academics and learning, the University is adopting the Choice Based Credit System (CBCS) curriculum introduced and initiated by UGC with effect from academic session 2015-16.

Keeping in view the need to excel in scholastic and research oriented activities, the University from time to time organizes and conducts a number of national and international seminars, conferences and workshops etc. and thus provides an intellectual platform to discuss, debate and enunciate knowledge on various disciplines by renowned academicians, educationists along with research scholars and students.

The aim of the University is to strive for all round progress and development by imparting quality education to the students of the ethnically and culturally diverse communities of this region. The main objective of the University is to work for the advancement in knowledge and impart instructional and research facilities to its students in fully need-based and unexplored areas so that, their latent talents and potentials could be realized to the optimum level. The University as a centre of higher learning is committed to work for the integration of the society through active participation of the common masses, teaching, learning and organizing various training programmes for the welfare and development of the rural people in various fields.

MISSION

1. To impart value based education leading to holistic sustainable development.
2. To conduct need-based location-specific research and development of the highest quality with a wide range of interest.
3. Keeping clear focus on the advancement of technology, efforts to be made to increase efficiency of existing technology, to optimize the use of natural resources and to preserve the environment.
4. To ensure access of all sections of the society for higher education keeping in view the prevailing socio-economic deprivation.
5. To inculcate women empowerment potential through education.
6. To protect, preserve and promote ethics and cultural heritage pertinent to the location in particular and country in general for furtherance of national integrity.
7. To provide up-to-date, relevant and need based knowledge.
8. To promote flexible, effective governance.
9. To create linkage with concerned centers of advancement/excellence in the country/abroad.
10. To promote high caliber students who are expected to play leading roles in their chosen carriers ensuring effective and sustainable social actions. The University should be a breeding ground of new generation of human resource who would be job creators, not job seekers.

VISION

Bodoland University aspires to be a leading public university that can indoctrinate moral values, scientific temper, socio-cultural, economic and political leadership qualities into its students in order to meet the regional, national and global challenges.

DEPARTMENT OF ENGLISH

The Department was established in 1998 under the erstwhile Kokrajhar Campus of Gauhati

University with one Reader and two Lecturers. The department now functions with one Professor and five Assistant Professors.

Apart from focusing on English language and literature, English department has been striving to give students and researchers interdisciplinary knowledge and outlook keeping in view the global academic demands. The department, at present, engages students in interpreting literature in the light of theories prevalent in the leading universities of the world and also promotes research activities in that line. The department aims at reaching out to other departments of language and social sciences to prepare a context for better understanding of the making of language and literature. To encourage unity and diversity at a time when the world is collapsing because of ideological conflicts, the department creates an atmosphere of amity and fellow-feeling by pursuing the study of comparative literature and translational theories and practices, film and media research. Since the department is committed to the development of the region, besides making the students sensible in the field of literature and culture and making them fit for the job market or making them capable of picking up the right career after university education, it also gives them new insight to interpret their own literature and culture which may occupy a significant position in World Literature. Hence, English department is not just about the study of English and Englishes, it rather encompasses a wide area of English studies from literary angle with political undertone. Needless to say, the department takes care to do justice to the time spent by students, while pursuing their course, by instilling in them the spirit of adventure and innovation. The department marches ahead with the conviction that the discipline is not just for the privileged section with bureaucratic bent of mind; it rather extends its patronage to all the English knowing people in a global atmosphere irrespective of caste, creed and religion. In Bodoland University, it acts as an interpreter, promoter and transformer, all rolled in one.

**DEPARTMENT OF POLITICAL SCIENCE**

The Department of Political Science was established in 2005 under the headship of Jhanin Mushahary with 3 Guest Teachers and 20 students as part of Kokrajhar Campus of Gauhati University. In 2012, the Department becomes full-fledged with 7 permanent teachers; now it has more than 100 students.

Mission and Vision Statement:

The Department has a vision to act as the hub of policy study for the whole Bodoland area besides becoming a centre of excellence in the area of Human Rights, Rural Development, Peace Study and Women Study within a decade.

Objectives:

Teaching and Research is the prime objective of the department; however it will try to disseminate knowledge in the areas of value education, humanism, liberalism and multiculturalism. The department is trying for creating a pool of social scientist that can face the future with confidence and professional zeal, for that matter it will regularly arrange Alumni Meet, popular talks and seminar.

FACULTY OF SCIENCES

DEPARTMENT OF BOTANY

INTRODUCTION

Welcome to the Department of Botany. The Department of Botany, established in 2014, offers M.Sc. programme in Botany. The Department has at the core of its mission an overriding concern to provide quality higher education in the area of Botanical Science catering to the need of the North Eastern Region in general and the state of Assam in particular. The aim of the Department of Botany is to promote an integrated understanding of utilization of plants in various disciplines to explore the underlying mechanisms for promoting friendly environment to impart high quality teaching and research in conventional and frontier areas of Botany. Many faculties with different expertise are expected to join the department very soon. The department will start its Ph.D. program shortly.

COURSE STRUCTURE

The Department is currently offering M.Sc. degree in Botany consisting of 4 semesters spread over two years. The department has adopted Choice Based Credit System (CBCS) which is already started from the academic session 2015-2016. In Semester-IV, students will be offered a dissertation which is an original piece of research work and is partial fulfilment for the degree, to be carried out by the student and submitted at the end of the fourth semester for evaluation. A student must attend a minimum of 75% of the lectures, which may also include seminars and tutorials organized by the Department, during a semester to be eligible to appear the end semester examinations.

Name of the course: Master's Degree in Botany

Duration of the Course: Two years with four semesters

Intake capacity: 20 students

INFRASTRUCTURE FACILITIES

At present the department is well equipped with modern facilities. Some of the facilities which are offered include the following:

■ PCR ■ Horizontal Electrophoresis ■ Trinocular microscope ■ Laminar Air Flow ■ Transilluminator
■ BOD Incubator ■ Deep freezer ■ Autoclave ■ Digital colony counter etc.ty.

ACTIVITIES (2015-2016)

- In this academic year 2016, the National Science Day was celebrated on 28th of Feb. 2016, in collaboration with the Departments of Chemistry, Physics and Zoology, Bodoland University.
- A field excursion tour to Gangtok, Sikkim was conducted from 13th Oct. to 17th Oct. 2015 by the 3rd Semester students, Dept. of Botany, Bodoland University.
- A local field excursion tour to Chakrasila Wild Life Sanctuary, Korajhar, (BTAD), Assam was conducted on 25th of May, 2016. by the 2nd Semester students, Dept. of Botany, Bodoland University

DEPARTMENT OF CHEMISTRY

Welcome to the department of Chemistry at Bodoland University. The department was established in the year 2014 to impart Chemistry education at the post graduate level. Currently, the department is offering four semester M.Sc. (Master of Science) course in Chemistry with the provision to offer specializations in Organic, Physical and Inorganic Chemistry. The department has adopted Choice Based Credit System (CBCS) and started from the academic session 2015-2016. The department is endowed with well qualified, vibrant and dynamic faculty members to impart high quality teaching and research in conventional and frontier areas of Chemistry. Many faculties with different expertise are expected to join the department very soon. The department will start the Ph.D. program shortly.

**DEPARTMENT OF ZOOLOGY**

The Department of Zoology is a newly established department under the umbrella of the Faculty of Sciences, Bodoland University. Since its inception in 2014, it has been the foremost centre for higher education in all aspects of Animal Sciences in lower Assam. Being the only institute of higher education in the western part of Assam, Department of Zoology, Bodoland University is committed to fulfill the needs and aspirations of this region. It will also provide immense opportunity to the student community of this region to explore the exciting world of biological sciences.

The current syllabus and teaching in the Department is based on the UGC-Choice Based Credit System which include various aspects of biological sciences such as Molecular Biology, Genes and Genomics, Animal Physiology, Biochemistry, Fish Biology, Molecular Immunology, Developmental Biology, Receptor Biology, Cytogenetics and Genetic Engineering, Reproductive Biology, Endocrinology, Entomology, Environmental Biology, Bioinformatics and Biological Tools and Techniques. Apart from teaching, Department of Zoology is also engaged in other co-curricular activities which will increase the awareness and knowledge of students. Further, we shall be extremely happy to provide further information on any subject related to our department. The contact details of the different faculty members and the office have also been provided.

Infrastructure/facilities

Over the years, Department of Zoology has been able to develop the minimum requirements for its teaching and research programs. Two lecture halls and two laboratories provide exquisite environment to the students for their studies. Department of Zoology is also equipped with important instrumental facilities such as Binocular and Trinocular Microscopes, Phase contrast Microscope, Colorimeter, BOD incubator, Hot air oven, Electrophoresis Unit, Transilluminator, Digital Balance, Water Bath, Hot Plate, Double distillation plant, Magnetic Stirrer, Digital pH Meter, Refrigerated Centrifuge, Microwave oven, Micropipettes, Autoclave, Freezer etc.

Courses Offered: M.Sc. in Zoology (4 semesters)

Intake Capacity: 20 nos.

Selection Procedure: Departmental Entrance Test

DEPARTMENT OF COMPUTER SCIENCE & TECHNOLOGY

The Department of Computer Science and Technology started functioning as a full-fledged department in 2011 under Bodoland University established under the Bodoland University Act, 2009. The Department is a continuation of the Department of Computer Science & Technology started functioning in 2009 under Kokrajhar Campus of Gauhati University. Since then, several students successfully completed their postgraduate studies in Computer Science/Information Technology.

The Department has started M.C.A. in 2013 and the course is approved by All India Council for Technical Education (AICTE)

Apart from Post-Graduate course, the department is offering Ph. D. Programme from 2013.

Vision:

- 1 Teaching in Computer Science & Information Technology
2. Research in various fields of Computer Sciences
3. Generation of skilled manpower in CS & IT
4. Design and fabrication of instrument required for teaching and research.
5. To provide services in repair and maintenance of computer and other electrical & electronics instruments
6. To impart quality education in CS & IT in M.Sc. level
7. To nurture and spread the culture of modern & embedded instrumentation.

Programme/Course offered:

Two Years (Four Semesters) M.Sc. in CS & IT.

Three Years (Six Semesters) MCA (Master of Computer Application).

Ph.D.

Specialisation of Ph.D : Embedded system, Fuzzy Set, Neural Network, Signal Processing

Intake Capacity :

M.Sc. in CS & IT: 30

MCA: 60

Departmental Activities:

1. A five days workshop on Pattern Analysis & Applications (PAA) has been jointly organized by the department with Computer Vision and Pattern Recognition Unit (CVPRU), Indian Statistical Institute (ISI), Kolkata sponsored by Indian Statistical Institute (ISI), Kolkata from 7th to 11th March, 2016.
2. A two days workshop on CISCO networking by the department in collaboration with the association for Computer Engineers & Scientists, and the association for Computing Machinery, Indian Institute of Technology, Delhi in 2015
3. A two days National Seminar cum Conference on Recent Trends & Techniques in Computer Sciences in 2013.

4. Established a National Knowledge Node with high speed internet facilities in collaboration with National Knowledge Commission, New Delhi, Government of India. Now the whole network system is spread over the entire university campus.

**DEPARTMENT OF BIOTECHNOLOGY**

The department was established in the year 2008-09 with 06 nos. of students. The present intake capacity of each semester is 20. The Department offers four elective papers in the 4th semester viz. Computational Biology, Stem Cell Biology, Industrial Food Biotechnology and Environmental Biotechnology. The Department has started to offer Ph. D. program from the academic session of 2013-14. The Department is well-equipped with instrumentation facility and basic laboratory amenities for catering to the need of the M.Sc. and Ph.D. students. The Department of Biotechnology (DBT), Government of India has selected this department to establish an Institute level Biotech Hub for infrastructure and manpower development. Recently, the DBT, Government of India has approved the project to establish Bioinformatics Infrastructure Facility (BIF) in this Department. The department is deeply associated with teaching, research and extension running parallel as an integral part of regular curricula both for the upliftment of R & D programme in the region and also for fringe village improvisation. As a mandate, the department takes active care in regular career counselling for students through advance career oriented training which enable them to secure placement to establish them. The department has a mission to impart skill based scientific and technical knowledge to students, with a vision to produce trained biotechnologists. Focused research and development activities in the department have empowered the Biotechnological knowledge with vast applications in human health, agriculture, environment and industrial sectors.

The Department of Biotechnology has taken initiatives for "Earn While you learn programme" for students to earn with mushroom cultivation and vermicompost production. The Department has a self sustaining Mushroom Unit for conducting extension programme, counseling, training on mushroom cultivation and value added product to fringe areas of Kokrajhar, Barpeta, Baksa and Udalguri. The mushroom unit distributes Mushroom spawns (plug spawn, grain spawn and liquid spawn) to rural entrepreneurs. The Unit has been offering training to Indian Army Jawans, rural entrepreneurs and NGOs. The mushroom unit with the help of DBT, Govt. of India sponsored IBT-Hub conducted more than 50 awareness, training and entrepreneurship development programmes. The Unit produces seed (spawn) for 11 species of *Pleurotus* (Oyster), 2 species of *Agaricus* (Button), 1 species of *Lentinula* (Shitake) and four strains of Paddy straw mushroom (*Volvariella volvaceae*). The Unit has helped 18 entrepreneurs to establish their business.

BAMBOO TECHNOLOGY UNDER DEPARTMENT OF BIOTECHNOLOGY

Diploma in Bamboo Technology course initiated in 2013-14 as an 'Add on' course under the aegis of Department of Biotechnology, Bodoland University is sponsored by the Agriculture Department, Bodoland Territorial Council Secretariat, Bodofa Nwgr, Kokrajhar and National Mission on Bamboo Application, New Delhi. The primary aim of the course is to motivate students for self employment, as well as to carry out extensive research in various aspects of bamboo with particular emphasis in bamboo cultivation and germplasm conservation.

Bamboo is an important natural, renewable livelihood resource in Bodoland Territorial Council which grows in about one third of natural forest as pure and mixed are cultivated on homestead & Non-forest land. Bamboo production in Bodoland Territorial Council area is quite low and there is a need to enhance it through scientific cultivation of suitable species and improved management of bamboo based Non-forest or forest.

Since, bamboo is the main source of livelihood for rural people of this region. It is therefore the need of the hour to make the people aware of the proper use and scope of Bamboo in Bodoland.

The course is very much important for Bodoland Territorial Council because it provides them in-depth knowledge in various aspects of bamboos and also unique opportunity for a career in one of the green gold industrial processing sectors viz. bamboo based industry, responsible for processing bamboo and other renewable fibre materials to meet certain vital human needs in most environment friendly manner. It facilitates evolving strategies for augmenting production, application of relevant technologies & adaptation to global market.

Eligibility Criteria and Procedure for Admission

Education qualification: H.S. passed in any discipline from recognized College is eligible to apply. Desirable degree in Science/ Engineering from a recognized University.

Selection procedure: Candidates are selected from all over the country on the basis of the marks obtained at the qualifying examinations by preparation of state-wise merit list. Preference in admission is given to candidates sponsored by industries or organization.

Age limit: Upper age limit is 28 years as on 1st January of the course year. Relaxation in 5 (five) years for ST/SC/PH is as per the Government of India rules.

Intake capacity: 20

Course structure:

The course is of one year duration and is divided into two semesters

1st semester has 3 (three) theory and 1 (one) practical paper

2nd semester has 2 (two) theory and 1 (one) practical paper

Bamboo propagation Centre cum Bambusetum:

A Bamboo Propagation Centre cum Bambusetum has been constructed in the University campus in 2014 -2015. The propagation centre consists of six propagation beds for conducting practical on local commercial bamboo propagation using various techniques like branch cuttings, culm cuttings, rhizome etc.

Occupying an area about 6 bighas, it houses different species and varieties of bamboo encountered in Bodoland Territorial Council in addition to some of the rare and ornamental species collected from adjoining areas. The Bambusetum is still on expansion and is planned to have exhaustive collection of both indigenous and exotic species.

This Bambusetum will not only help in conservation of germplasm of local bamboo but will also open up new horizons for conducting research on this 'Green Gold' for the benefit of the local in general and bamboo lovers in particular.

FACULTY OF MANAGEMENT STUDIES

DEPARTMENT OF MANAGEMENT STUDIES

Bodoland University is the first institution to offer MBA degree in BTAD Area. The course is approved by UGC and affiliated to AICTE. Currently the department is offering dual specializations in Finance, Operations, Marketing and Human Resource.

The Department has a large assortment of quality books. The curriculum developed is very systematic and structured and involves nurturing of excellence, creation of a talent base and a resource pool that would broaden the horizon of Indian enterprise and its eminence in world arena by exploring avenues that will enable individuals to fully realize their potential.
