Welcome to K.R. Mangalam University

K.R. Mangalam University, Sohna Road, Gurgaon is a private University founded in the year 2013 by Mangalam Edu Gate, a company incorporated under Section 25 of the Companies Act, 1956. The University has been established by an act of state legislative of Haryana as a private university. It is empowered to award degrees recognized by the UGC under Section 2f of the UGC Act, 1956.

Its quest for knowledge is seamless across disciplines like **Engineering, Law, Basic & Applied Sciences, Management and Commerce, Journalism & Mass Communication, Medical & Allied Sciences, Architecture & Planning, Fashion, Humanities, Education and Ph. D. programmes.** It lays strong emphasis on learning through practical exposure and research, enabling its students to become responsible professionals with self-awareness and a commitment for public service. The unique learning facilities and the state-of-the-art infrastructure inspires its students to be professionally skillful, socially committed and worldly successful. The exposure to the organizations and associations of international status is a unique experience for students on their road to success.

The University offers opportunities for multi-disciplinary education that transcends beyond the boundaries of Science and Arts. It is constantly chasing perfection, innovating new dimensions and opening new avenues and opportunities for the new generation.

Quality education is the major focus of the University. The well qualified and experienced faculty members, the panel of experts as the visiting faculty, guest lectures and other curricular activities provide the best learning experience. The advanced laboratories, workshops, studios and the activity rooms give the practical experience of the knowledge disseminated. The continuous evaluation system and the systematic mentoring are the two major measures that enable the holistic development of the students of KRMU.

The ragging free campus with lot many supporting facilities for the all-round development of the students make the campus, with its sprawling greenery in an idyllic setting, is visual delight as the most sought after place for students. The gym, indoor and outdoor game courts, cafeteria, play grounds, lawns etc. are the favorite student hangouts.

Top Reasons Why KRMU Stands Tall Among Preferred Universities:

The innovative learning environment, state-of-the-art infrastructure, committed, qualified and experienced mentors, exposure to practical experience of knowledge, career oriented smart learning, value based grooming etc. are some of the special features that rank KRMU amongst the most forward looking universities in the country in terms of 'excellence in education'. Besides these, following are the credentials that take KRMU to international status:

There are lots of selling points for KRMU

Education through Innovation

The University is dedicated to create a generation of dynamic professionals; to facilitate education through continuous innovation and create avenues that are time –relevant and futuristic. The K.R. Mangalam University strives to be a University on the global education super highway, and become a centre of learning of the future generations, breaking all barriers.

Global Reach

K.R. Mangalam University has taken upon itself the mission of reaching out globally to students. Education and opportunity today are no more confined to one country or continent and pan across the world. With this as the firm belief, K.R. Mangalam University has set out in a path that accommodates knowledge and knowledge-seekers from everywhere, without any discrimination. A collaborative approach in truly global parlance and an inclusive philosophy in dissemination of knowledge form the twin hallmarks of the K.R. Mangalam University.

Time-relevant Academic Curriculum and Continuous Updating and Counselling Systems

The curriculum designed by the experts of the academic world with valuable guidance from the Bureau Meritus of the K.R.Mangalam University, provides time-relevant learning modules and continuous access and up-gradation to newer developments.

The Campus Life

A Campus life that sets the pace for success throughout life and an academic environment that emphasizes on learning with dignity, reverence for chosen studies, and clearly defined objectives that provides for International exposure and optimization of opportunity. The combination of freedom and discipline provides for an environment conducive to academic thinking.

Trust

KRMU students are trusted by the University and student body is genuinely happy, tolerant, open minded and intellectual. People enjoy themselves inside and outside the classroom. There is a healthy work-life balance and everyone is just happy. There is tons of support available in terms of advisors and mentors.

Location

Geographically, KRMU is located in a wonderful location with magnificent view of Arawali hills. The campus is beautiful and has all facilities and resources for a conducive learning environment.

Our Guiding Forces

An efficient and powerful leadership assures success. KRMU is stepping towards success in every field of its activities because of the strong leadership provided by the highly renowned academicians and educationists as the ruling heads. They guide academic, non-academic and administrative aspects of the University through their own experience, knowledge of on& off-campus resources, and being a leader and role model. They connect the students with academics through faculty and enable them for exploring, critical thinking and multiple answers. They encourage the students and make them believe in themselves. Such self-reliant, hardworking and creative minded citizens are the need of the hour.

Prof. (Dr.) K.K. Aggarwal

“We are in the making of the most promising University wherein the students will use their head, hands & heart all together to become better professionals and still better citizens of this great nation. The University is committed to facilitate the students in all the dimensions of an innovative learning environment; and we ensure the upcoming youth to be capable of successfully facing the challenges of the new world.”

Prof.(Dr.) K.K. Aggarwal, Chancellor
M.Tech. Ph.D.
Former Vice Chancellor, GGSIP University, New Delhi

Prof. (Dr.) R.K. Mittal

“The K.R. Mangalam University is the conceptualization of the vision of a world-class university within the reach of all and sundry. The courses offered by the University reflect a concept of student-friendly and purposeful education. Joining this upcoming and fastest growing University assures a journey of endless opportunities towards complete education, and perfect guidance for the suitable career selection. Here we provide the best platform for students to learn, to experience and to achieve the best to become a good citizen with professional and social commitment.”

Prof.(Dr.) R.K. Mittal, Vice Chancellor
M.E. (Mechanical), Ph.D. (Software Engineering)
Former Director, BITS Pilani-Dubai & Rajasthan Campus

Our Intellectual Capital

One of the major resources of KRMU is made of its professorate that plays a significant role in creation and dissemination of knowledge. The expertise and quality of the professorate is considered as one of the most important factors for the success of KRMU, the knowledge intensive organization with commitment. Besides the chosen academic scholars from the best institutions in the country, KRMU has a Global Advisory Board which advises and guides the University for its successful functioning for academic excellence. This panel of academic experts includes professors from the echelon of academic world. Their advice and directions give international dimension to the curriculum, research, career orientation and campus life. The experts assist the University to achieve its vision of becoming a globally recognized leader in education.

The overall development of the students is our motto and the role played by co-curricular and extra-curricular activities in this is undisputed. The University supports more than thirteen clubs/societies which are primarily run by the students. These clubs/societies provide platform to the students to showcase and enhance their talents, acquire new traits that cannot be learned in the classrooms; and hone their hobbies/skills. A number of activities are organised by students and two hours per week are provided as structured hours in each student's timetable.

Facilities & Resources

Teaching Faculty

The University strives to find, develop, promote and to retain the best academic scholars to the faculty of various disciplines. It prides itself on having well qualified and experienced faculty members who have true commitment to their vocation. Academicians from the best institutions around the country form the core group of the teaching faculty of the University. They are the role models, mentors, facilitators and guides for the students of KRMU and engage them in educationally purposeful activities. Faculty Development Programmes, regular interaction of the academic heads with the teachers, the monthly platform for research interaction and growth, and the abundance of opportunities to attend and participate in Seminars, Conferences and workshops enable our faculty members to be with a research attitude and updated mindset for academic excellence. The faculty members start their teaching in the higher education classes ensuring the basics of their discipline. Along with the creation and dissemination of knowledge, faculty facilitate their students to have the practical experience of the generated knowledge by applying it in the real life situations. They are well trained to incorporate the

technical advancements into the teaching methodology so that, learning becomes a pleasurable and productive experience to the students. The meticulously planned academic & research tasks, with variety & novelty, make the continuous evaluation of the academic performance of the students meaningful, effective and exciting, both for the students as well as the teachers. The smart learning imparted, opens new paths for better and novel career opportunities for our students. The teachings inside and outside the classrooms engage the students in productive learning ensuring their success.

Our faculty members are committed teaching professionals, who along with the dissemination of knowledge and its practical application, groom the students with values and etiquettes. They sow the seeds of novel ideas in the young minds and provide the best environment for the ideas to take right shapes for making their future and career a successful one. The University is proud of these mentors who form the pillar strength in making this University a unique one in its academic and non academic excellence.

KRMU Leaders

Prof. (Dr.) Brijesh Kumar

Dr. Antony has been awarded Dr. Nandakumar Lavande Award for Academic Excellence-2015; and the Gaurav Sikshak Puraskar-2014. She is a recognized Ph.D guide & Examiner; Editor & Resource person, and is associated with the MHRD sponsored UGC e-Patshala Module designing project-2016. She has organized three International conferences and one National conference as Convener. Her areas of interest are Student welfare activities, organizing Curricular and extra- curricular programmes and conducting social service activities.

Training and Placements

K.R. Mangalam University continuously strives towards creating and building campus to corporate connect for our students. We constantly work towards sustaining the mutually beneficial relationship we share with every respected organization, so that the synergy created helps both the students to thrive and the corporates to select from a rich pool of talented individuals. KRMU is committed to support and celebrate individuals from all backgrounds, countries, & cultures. Doing so gives us the ability to readily adapt, the creativity to come up with fresh ideas, the openness to connect with others, and the willingness to share knowledge and our excitement about pursuing it. In an endeavor to secure top-of-the-line in-campus recruitment for the students, the teaching faculty conducts placement incubation and preparation classes for a minimum of two semesters besides capsule inputs. All the Programmes are designed to meet the growing requirements of qualified professionals in all the industries.

Recruiters from varied sectors are connected to our Campus recruitment process & our students have been proving their mettle in the industry. The major components of the placement (summer or final) process are written/online test, G.D, Personal Interview, personality profiling etc. thorough domain knowledge, recruiters expect students to be totally updated on current national and world developments, especially those affecting the economy and the impact of such events on the industry or business for which the recruitment is taking place.

Apart from our esteemed regular recruiters, we also host several respected new recruiters, often from niche categories, on campus every year. Looking beyond placements, we also aim to engage with the corporate world through several non-recruitment avenues of association: The Corporate Talk Series, Guest Lectures, Internships, Live Projects, Case-Study Competitions and so on.

Why K.R. Mangalam Univ is a safe bet for students

Mangalam University, Sohna, Gurugram is a research and innovation driven varsity. The commitment of the management for quality education and world class infrastructure makes studying at KRMU a unique learning experience for the students. Prof. K.R. Agarwal, Chancellor, KR Mangalam University says that on the education super-highway, knowledge knows no constant. It has to be continuously evolving, enriching and encouraging towards achievement. Successful education is not about adding credentials on paper anymore.

Today, performance is knowledge-driven and knowledge too, is performance-driven. The role of a university hence is to provide for both knowledge and performance, and create an environment where knowledge complements performance and performance complements knowledge. In that, according to Prof. Agarwal, the KRMangalam University scores high over many others. Prof. K.R. Tripathy, Vice-Chancellor of the KRMangalam University on the other hand, feels that

On the education super-highway, knowledge knows no constant. It has to be continuously evolving and encouraging.

Amidst a scramble, KRM University stands tall

The overwhelming scramble for the courses offered at KRM University has thrown up two revelations. One, the students are quite well informed about the choices they make and secondly, the ever-lasting quest for quality and innovation at the K.R. Mangalam University stands recognized. Prof. Tripathy attributes the phenomenon of rising demand for private universities with a quality assurance formula to the lacunae and time relevant module adherence to timeline need of the hour as it, reiterates, is to ensure, courses and timelines not only defined properly but also are governed by an efficient system of checks and balances. In that, the private university score high, where decision making does not suffer procrastination. The Bureau Meritas, a panel of eminent academics, is the entire story.

ASIA'S FASTEST GROWING PRIVATE UNIVERSITY

It gives me great Pleasure to give back something to my University in the form of thanks. I have not been possible without the support which I got from the faculty of the University, my Training and Placement Officer Ms. Jasbir Grover, ever inspiring chairman and my parents. The high level of education and practical training imparted throughout the course to handle challenges and situations helped me not only to get the best knowledge but also the best campus placement in good organization. I would again like to thank K. R. Mangalam University and Ms. Jasbir Grover for building my career and making me a pillar which can cement the foundation of the market.

When I first joined KRMU, I had a lot of doubts. But the faculty helped me get out of my shell and realize my potential. This journey ended perfectly by getting placed in TPO, played a key role in this process by conducting sessions relating to GD, interview and held mock interview to boost up my confidence. I'm thankful to the TPO and the university for providing this opportunity and for their support.

There is so much more you achieve when studying through K. R. Mangalam than just a certificate. You gain knowledge, confidence, and for me the best part was finally realizing what I want to achieve with my career. I highly recommend this University to everyone. I would like to thank everyone from K. R. Mangalam University.

Hi, I am Lakshay Gulati pursuing engineering from electronics and communication department. Discussing about college days I would like to tell that it's been extreme pleasure graduating from this university. We have been taught well in good environment where all our teachers are cooperative and not to forget the hard efforts of my TPO with whom I worked day and night as a students' coordinator who apart from my curriculum activities trained me well enough to get absorbed in an excellent organization like XEROX where I could easily boost up my career for future aspects.

I am Bhargavayyasavi from Electronics and communication department. It's been a wonderful journey with K.R. Mangalam. It's a place for learning N no of things. We are just not limited to studies, we got wide range of opportunities in the fields of Sports, Cultural activities, Seminars and the most imp thing is the practical exposure. KRMU is well equipped with labs which gave us the opportunity of practical exposure. These 4 years have been a great journey and taught us a lot of professionalism and even changed my perspective towards life. Working as student coordinator, taught us to handle the importance of the TPO professionalism I have been blessed with offers from Focus academy, Soft skills, etc. I am thankful for the 4 years experience.
