Maharana Pratap Group of Institutions

Dedicated to Maharana Pratap

Maharana Pratap Group of Institutions draws its inspiration from the great Rajput ruler, Rana Pratap of Mewar, son of Maharana Udai Singh. Born in 1540, he was a great patriot and warrior who had the courage to fight the powerful Mughal forces under emperor Akbar. He continued to fight against the Mughals till his last breath and never compromised with his dignity and self-respect. He along with his family shared the agony and hardships of the masses without the least sense of exploitation. His life is an example of living with honour and empathy.

We salute the beliefs of this great ruler and dedicate ourselves to pursue his ideals to the best of our efforts.

MPGI commenced its journey in the year 1995, with a mission to provide wholesome and quality education to the youth of the nation. From a modest beginning of just one school in Kanpur, our family has expanded to 5 Schools, 10 Colleges located across the cities of Kanpur, Lucknow, New Delhi & a University in Jaipur.

We have been providing excellence in education by offering various courses in the diverse streams of Engineering, Management, Dental, Pharmacy, Information Technology, Mass Communication, Interior Designing and Fashion Technology.

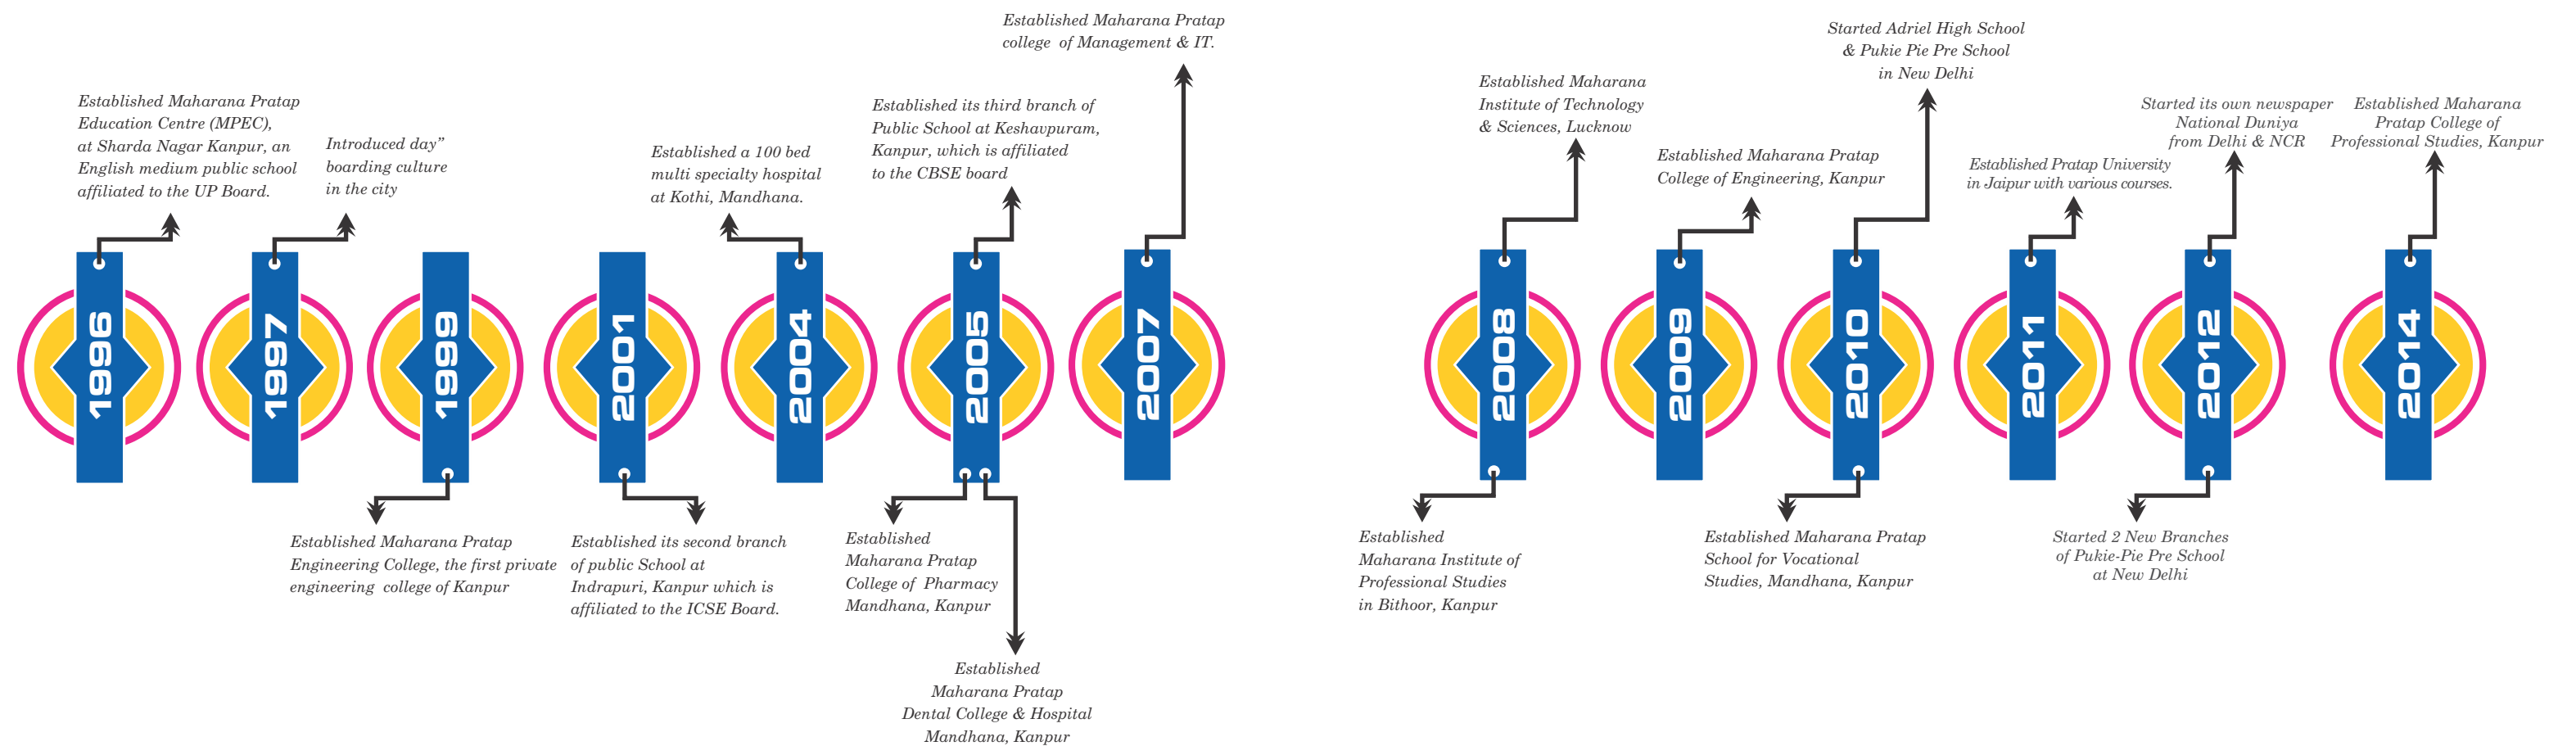

Our campuses, spread over in several hundred acres of lush green surroundings, boast of modern infrastructure, well equipped libraries and laboratories. Together, we work as a team of more than 1000 highly qualified faculty members committed to shape the future of over 10000 students. It is our ultimate goal to make each student both 'CAPABLE and EMPLOYABLE' by giving him umpteen opportunities to showcase his/her talent through various extracurricular activities and excellent campus placements.

JOURNEY OF THE GROUP...

Secretary's Message

Dear Learners

You all come to us from multifarious cultures. Addressing the diversity as well as the various challenges of multi cultural society, education is a major issue in contemporary times. The education needs to be harmonized and eclectic.

We at MPGI are trying to keep in pace with the challenging context of the community and society by providing an education that is open and flexible enough to help the learner function excellently under a global canvas.

The facilities and the state of art infrastructure provided here will surely enable you all to swim smoothly into the current of knowledge.

I wish you all great success in life.

Shailendra Bhadauria

Jt. Secretary's Message

Dear Students,

MPGI has been established with an objective of creating social awareness and imparting quality education at all levels from technical to higher or professional education. We also visualized that social transformation can be brought about through the medium of dynamic education.

We believe that you are coming here with many dreams and we will help you to bring them into reality. So, let us work together in this endeavour to build a career for you.

Gaurav Bhadauria

The Institute is simply not constrained by the borders of the syllabus. With the fast changing era the most recent and modern educational and technological contributions are made to compete with the shifting needs of a worldwide society. The amount the students benefit cannot be articulated in words. The Institute has lately introduced a pioneering Mentorship Programme for encouraging the students. The Mentors keep a proper gaze on the behavior, presentations and all-over development of students in very small groups.

Ecological alertness and education is an essential part that helps in spreading awareness. This is often done through the active input of the students. The college has tie-up with different business giants to offer value-added certifications to the students that can assist them in their life along with their scheduled curriculum.

Experienced & Qualified Faculty

At MPGI the faculty needs to qualify rigorous testing and interpersonal interview skills with some of the most experienced personalities, in order to impart learning at the Institute. Continuous checks over the learning paradigm are performed in order to improve the teaching processes being adapted by the faculty. This is accomplished under the guidance of expert professionals.

The faculty is provided with latest methods and techniques for teaching and learning by the Institution heads. These processes are performed for testing and the successful processes are used in the Institute curriculum for the success of our students.

Research & Development

MPGI provides individualized consulting and mentoring on both potential ongoing teaching and learning research projects. If you are interested in, or in the midst of, conducting research on teaching and learning, you can meet with an Educational Research Consultant at MPGI to discuss your progress and/or your ideas. We can also help to connect you with others on campus who are doing similar work.

WE PROVIDE CONSULTING ASSISTANCE WITH:

- Narrowing in on a topic of interest
- Developing and refining a research question
- Selecting and developing a research design
- Considering ethical issues that might attach to the research (we can also connect you with additional ethics support from the Research Office for Administration, Development & Support)
- Seeking and securing funding
- Collecting and analyzing evidence
- Disseminating results
- Integrating the results of your research back into your teaching practices

Social Initiative

MPGI has pledged to provide quality education to the under-privileged & deserving. For the same this year, Pratap scholarship for meritorious students has been launched under which 100 students from Uttar Pradesh have been short listed for free of cost education in programmes such as B.Tech., B.Pharm., BDS, BBA/BCA, MBA & MCA etc.

This year MPGI has conducted "Talent Search cum Scholarship Test (TSST)" across 50+ schools spread over Kanpur, Lucknow, Gorakhpur, Allahabad, Varanasi & other such districts for head hunting of meritorious students.

Training, Development & Placements

MPGI focuses on lectures, mentoring and giving recommended texts time and again. Student needs are determined in collaborated groups, where people of different ages and different degrees of expertise participate, design and contribute continuously to the curriculum and extra activities in order to channelize time and energy of the students in the right direction.

Thus students are encouraged to be part of "Learning Labs".

These labs are enriched with various technological tools, faculty, experts, and mentors, all of which help students to discover their NEW SELF.

At MPGI, emphasis is laid on the process of on-campus placements. Here students have all relevant details of the companies visiting and their schedules. Many companies are invited on-campus to conduct Pre-placement talks and workshops to brief students on successful careers with them.

Vibrations...

Campus Life all you desire

Along with academics, MPGI staff makes sure that our students can enjoy extracurricular activities also. MPGI encourages and organizes various sports, cultural and technical events in close co-ordination with the team of faculty and staff members. It provides opportunities to the students to show their talents and helps them to make the best use of time. MPGI team has always motivated and promoted students to take the charge and lead.

Cultural Program

MPGI students are encouraged to participate in frequently organized cultural programs. The students are made to perform so that the overall development is seen in them. Students are encouraged and provided necessary guidance & facilities to show & develop their talents.

Sports

Understanding the fact that "All study and no play would make Jack a dull boy.", we have recreation facility for our students. We have a basket ball court, badminton court and volley ball court etc. apart from chess and other such interesting sports in our campus.

Clubs

At MPGI, we are at the constant process of promoting our students to participate in various other activities like reading, technical training, computer surfing, project designing etc. We have separate clubs for faculty members and experts.
