ABOUT M.ED. COURSE

The School of Distance Education is following the M.Ed. Syllabus designed and developed by PG Board of Studies in Education, Andhra University, Visakhapatnam. It is an innovative programme, utilizing self-learning materials (SLMs) and contact programme components. To impart instruction effectively the programme follows the multimedia approach, viz., print materials, audio-video components, assignments, personal guidance for research, workshops, individual and group activities, etc.

The M.Ed. Programme is a two-year programme to benefit teachers who have already completed B.Ed., and are presently working in a recognized school. The purpose of M Ed programme is to prepare quality teacher educators and educational administrators with a global as well as a national vision for education in the modern concept of the 21st century. Further, it seeks to prepare educational experts capable of scientific method of enquiry and to develop a mutli-dimensional personality which can find solutions to problems relating to the educational sector.

The main aim of the M.Ed. Programme through Distance Mode is to facilitate the in- service B. Ed teachers, Educational Policy markers and Educational Administrators to enhance their educational qualifications and professional development.

M.Ed, course is a professional programme and, therefore, it focuses on comprehensive and integrated professional development of teachers and other personnel engaged in educational management

and administration.

The programme is also aimed at developing competencies and skills so that one can share the responsibility of preparing teachers for diverse situations by using a variety of instruments including ICTs. This course is intended to develop in professional areas of concern, knowledge, skills and attitudes relating to how to teach and how to facilitate learning. The other focus areas include the role of teachers in changing global socio-economic order organization of teacher education in the country, understanding teaching in a comparative perspective and preparing teachers to meet the challenges of the 21st century.

Objectives of the Programme:

1. The main objective of the programme is to develop competencies and skills among the teacher educators so that they share the responsibility with confidence and also to prepare teachers for diverse situations by using the modern methodology with a focus on ICT.
2. The programme aims at preparing teacher educators and other in service personnel who have specialized in different areas of education with necessary knowledge, understanding, skills, attitude and values, which can make them truly professional.
