16. Strength and Weaknesses of the University

16.1	Strengths of the University	
<p>Noida International University is the Largest private university in the Delhi NCR with 73 acres of land in the green belt of Yamuna Expressway, facing India's first ever car race track known as Formula One. The NIU has been established by the UP State Legislature Act 27 of 2010 and recognized by the University Grants Commission. Situated in the serene rural backdrop of Dankaur village, away from hustle-bustle of the Metro chaos of air, water and noise pollution, the NIU has high vision and mission for the rural youths to provide them technical education which would equip them for better employment in India and abroad.</p> <p>The academic ambiance is so encouraging that students, both male and female, from far away countries like Congo, Nigeria, Afghanistan, Bhutan, Bangladesh prefer to join the NIU not only to</p>		

study the desired courses and programmes but also to study the Oriental literature, ethics, morals and human values which this world needed the most today, particularly the youth of the world.

Committed to the social cause, it teaches some subjects to the local, national and international students which most of the private university fear to introduce. Education in Human Values, Behavioural Sciences, PEP and alike are some of the features to showcase the mission of the NIU to guide and monitor the university students to become good citizens first and technocrats later. Regular classes of these subjects have paid dividends too as no incidents of ragging, rowdism, female harassment etc. ever took place during the last two years.

Free bus service to teachers and employees and nominal bus fare from students from all parts of the Delhi NCR to the NIU and back is one of the major tributes to the cause of higher education. Various efforts of the NIU like special classes for the needy, remedial classes for English writing and speaking, Ph.D. classes for the working teachers and executives even on week-end days are helping the rural students to excel their genius in times to come. Creating mass awareness for education, health and law in rural people is another missionary work being carried out by NIU teachers upto Aligarh by special camps.

To count the strength on finger-tips, the NIU has many positive things like its tie-up with Formula F1 Race Track to promote auto racing among our students who volunteered to help in organising the Race Competitions last winter, tie up with Kings XI Punjab (IPL) to promote cricket, Asia's largest Digital Library, 75 acres of Wi-Fi Campus, more than 30 equipped laboratories, scholarship schemes for new as well as existing students, extracurricular activities like street play, Fashion Shows, debate, singing, dancing etc are organized in and outside the University, tie ups with MNCs for placements, language and personality development classes for domestic as well as International students, and separate Complaints Cell for Domestic as well as International students

16.2	Weaknesses of the University	
------	------------------------------	--

Cut-throat competition in education sector is a great threat to the new emerging universities like the NIU. To compete with decades old institutions, the NIU initially had some teething trouble, but it rose to face the challenge before finding out that not one, but half a dozen universities are going to start in the vicinity of NIU opposite the Formula 1. Self financing institutions have their own problems in initial stages and besides finance, attracting academicians and education-administrators of eminence for a new university has been a weakness for the NIU as of all institutions. The distant positioning of the university has also been considered as a weak point for this university but its academics and commitment for the cause by the university promoters and stakeholders is overpowering these weaknesses slowly and gradually.
